

Tots and Scholars Nursery and Pre-School Newsletter

August 2016

We love to learn!!!!

DEAR PARENTS/ CARERS,

Welcome to our second edition of Tots & Scholars and Preschool newsletter. This has been an exciting and epic month. All new staff and children have settle in very well and we are all looking forward to a great journey ahead.

Here at Tots & Scholars and Preschool, we ensure that each theme we start, is a theme that each child can learn from. During this month, we have been looking at **Building and Construction**, a topic the children thoroughly enjoyed.

Our children learnt about real facts about different architect structures. For example, we looked at why we do not build Igloo's in Africa. This gave the children the opportunity to think about what an Igloo is made out of as well as the weather conditions in Africa. Is it suitable for an Igloo.

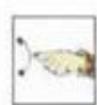

We also touched on the use of building equipments/tools used on a construction site, we did some role play where (See next page) →

each child mimicked builders on a construction site.

Our next theme will be based on Transportation we will study different transports found on our Land, in the Air and under Water.

Parents/Carers should feel free to start to talk this through with your children as it will help them better understand transportations before we start to break it down for them.

Action: Pretend to turn a light switch on and off, and say o, o; o, o.
